

# ATTENDANCE FORM — FOR PARTICIPANTS TO COMPLETE

The purpose of this attendance form is to help determine the inclusivity and diversity of participants across all Food Systems Summit Dialogues. Your personal details will not be used or shared beyond the scope of the Dialogue in which you participate.

## SALUTATION (OPTIONAL)

Prof/Dr/Mrs/Mr/Ms/Miss

## NAME (OPTIONAL)

## ORGANISATION (OPTIONAL)

### AGE RANGE

0-18

19-30

31-50

51-65

66-80

80+

### GENDER

Male

Female

Other / prefer not to say

### SECTOR Please select the sector which best describes the area/industry in which you work

Agriculture/crops

Fish and aquaculture

Livestock

Agro-forestry

Environment and ecology

Trade and commerce

Education

Communication

Food processing

Food retail, markets

Food industry

Financial Services

Health care

National or local government

Nutrition

Utilities

Industrial

Other

### STAKEHOLDER GROUP Please select the stakeholder group that best represents your identity

Small/medium enterprise/artisan

Large national business

Multinational corporation

Small-scale farmer

Medium-scale farmer

Large-scale farmer

Local Non-Governmental Organization

International Non-Governmental Organization

Indigenous people

Science and academia

Workers and trade union

Member of Parliament

Local authority

Government and national institution

Regional economic community

United Nations

International financial institution

Private Foundation / Partnership / Alliance

Consumer Group

Other

## FOOD SYSTEMS SUMMIT PRINCIPLES OF ENGAGEMENT

### ACT WITH URGENCY

We recognize the utmost urgency of sustained and meaningful action at all levels to reach the respective 2030 Sustainable Development Goals.

### COMMIT TO THE SUMMIT

We commit to practice what we preach personally and professionally to contribute to the vision, objectives and the final outcomes of the Food Systems Summit.

### BE RESPECTFUL

Within our respective capacities and circumstances, we will promote food production and consumption policies and practices that strive to protect and improve the health and well-being of individuals, enhance resilient livelihoods and communities and promote good stewardship of natural resources, while respecting local cultures, contexts.

### RECOGNIZE COMPLEXITY

We recognize that food systems are complex, and are closely connected to, and significantly impact, human and animal health, land, water, climate, biodiversity, the economy and other systems, and their transformation requires a systemic approach.

### EMBRACE MULTI-STAKEHOLDER INCLUSIVITY

We support inclusive multi-stakeholder processes and approaches within governments and communities that bring in diverse perspectives, including indigenous knowledge, cultural insights and science-based evidence to enable stakeholders to understand and assess potential trade-offs and to design policy options that deliver against multiple public goods across these various systems.

### COMPLEMENT THE WORK OF OTHERS

Recognizing that issues related to food systems are being addressed through several other global governance processes, we will seek to ensure that the Food Systems Summit aligns with, amplifies and accelerates these efforts where practicable, avoiding unnecessary duplication, while encouraging bold and innovative new thinking and approaches that deliver systems-level transformation in line with the Summit's principles and objectives.

### BUILD TRUST

We will work to ensure the Summit and associated engagement process will promote trust and increase motivation to participate by being evidence-based, transparent and accessible in governance, decision-making, planning, engagement and implementation. We – from member states to private businesses to individual actors – will hold ourselves accountable for commitments made with mechanisms in place to uphold this accountability.
